

Citiplace/Essen Area Pump Station 119 & Force Main Improvements

City-Parish #08-FM-UF-0024

Advertise for Bids: **3rd Quarter 2010**
 Project End: **3rd Quarter 2012**

The SGC-C-PS119 (Citiplace/Essen Area PS119 and Force main Improvements) project includes the construction of both 7,360 feet of new 16-inch force main from PS119 to PS 58 and the upgrade of PS119 due to the longer force main and the predicted increase in future peak wet weather flow.

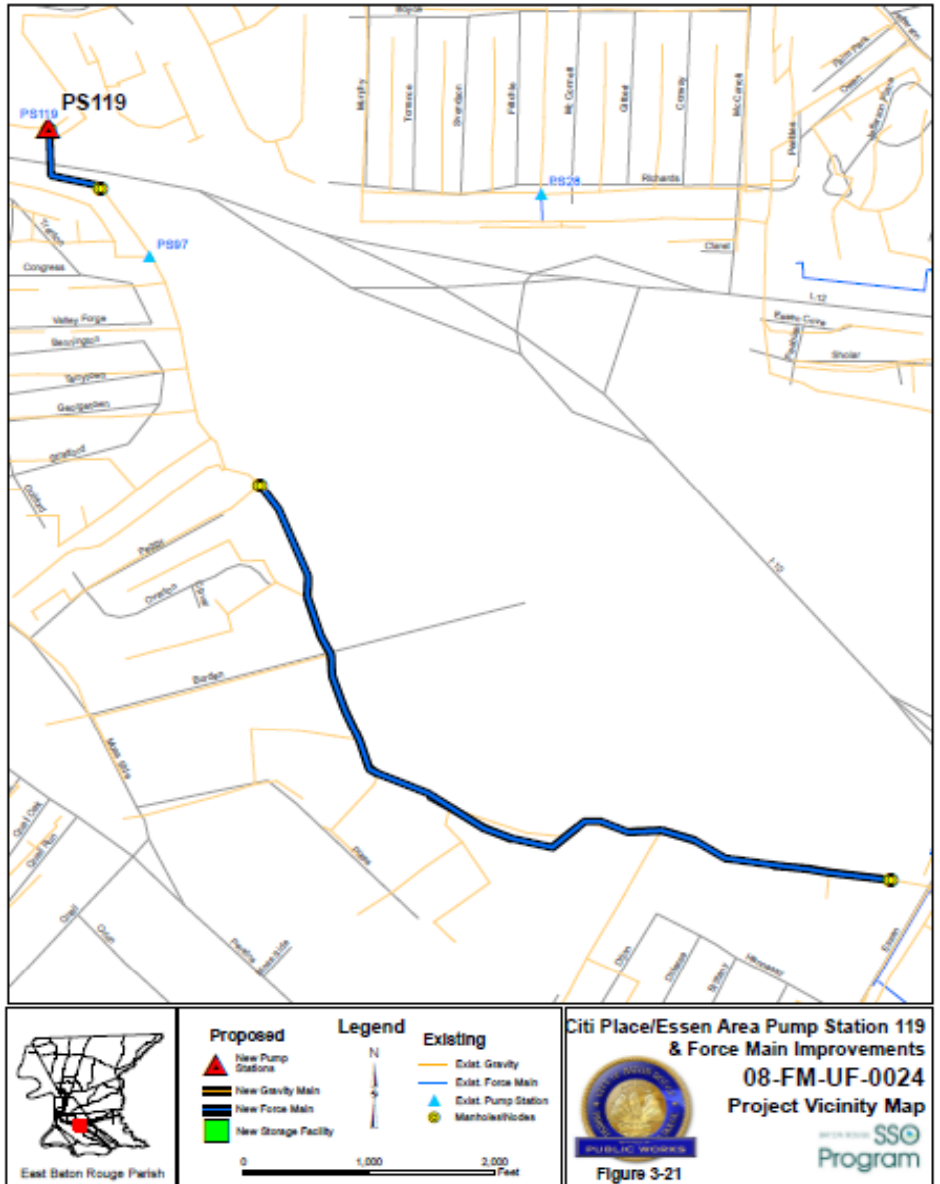

Design of the Citiplace-Essen-PS119 project started in February 2008.

Approximately 7,360 linear feet of 16-inch force main will be constructed in the project area.

PS119, located on Citiplace Drive near the Movie Theater, will be upgraded.
