

Foster Rd - Hooper Rd Sewer Area Upgrades

City-Parish #07-FM-BD-0046

Advertise for Bids: **1st Quarter 2009**
 Project End: **4th Quarter 2010**

The project increased the capacity of the STN force main system and the manifold force mains along Foster Road and Hooper Road to assist in transferring high flows to the main STN force main along Hooper Road.

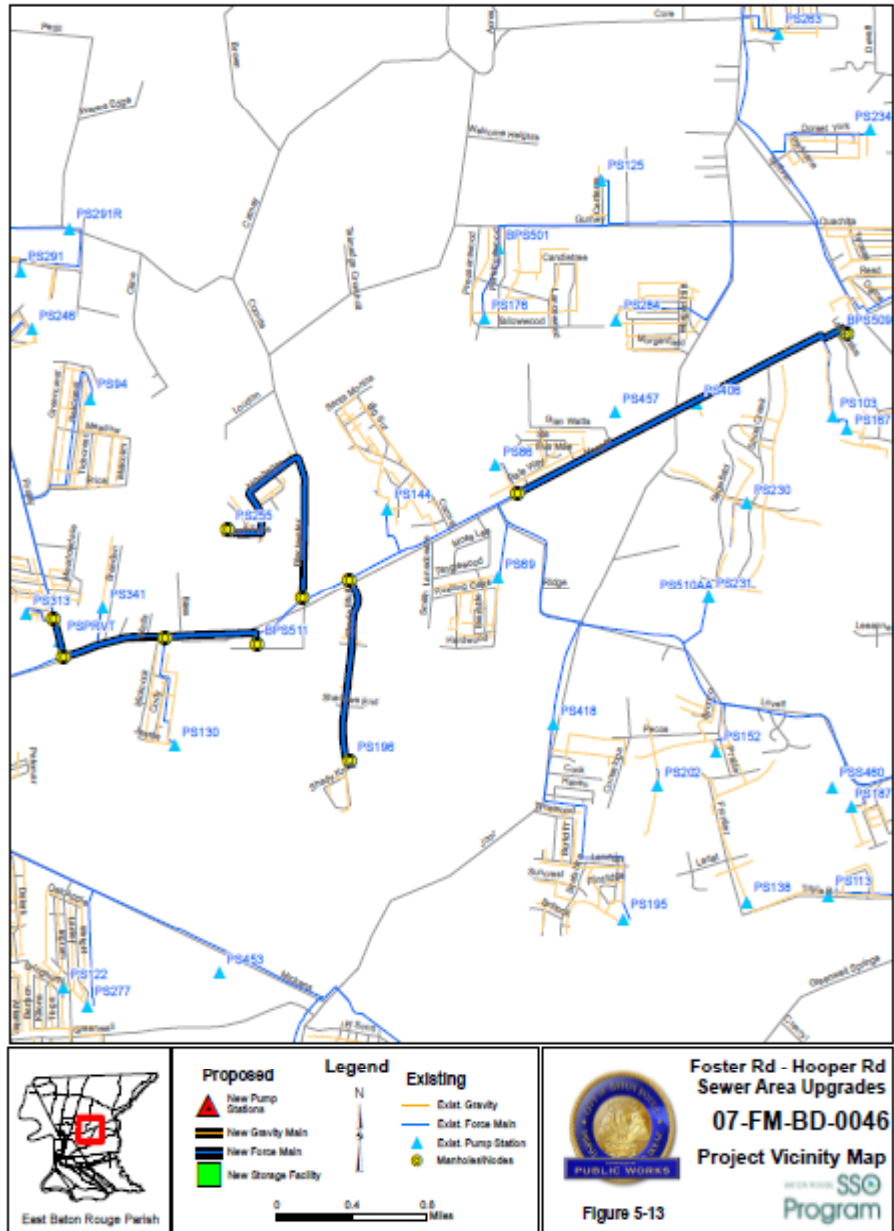

Wet wells and manholes are frequently upgraded during construction.

Trench boxes are used for pipeline installation.

Signage notifies residents of underground construction activities.
