

Government St - S Acadian Thwy Sewer Area Upgrades

City-Parish # 09-GS-MS-0043

Project Start: **3rd Quarter 2009**
 Advertise for Bids: **1st Quarter 2014**
 Anticipated Project End: **2nd Quarter 2015**

This project includes the upgrade of gravity sewers upstream of PS3 and PS4 to alleviate SSOs in the vicinity.

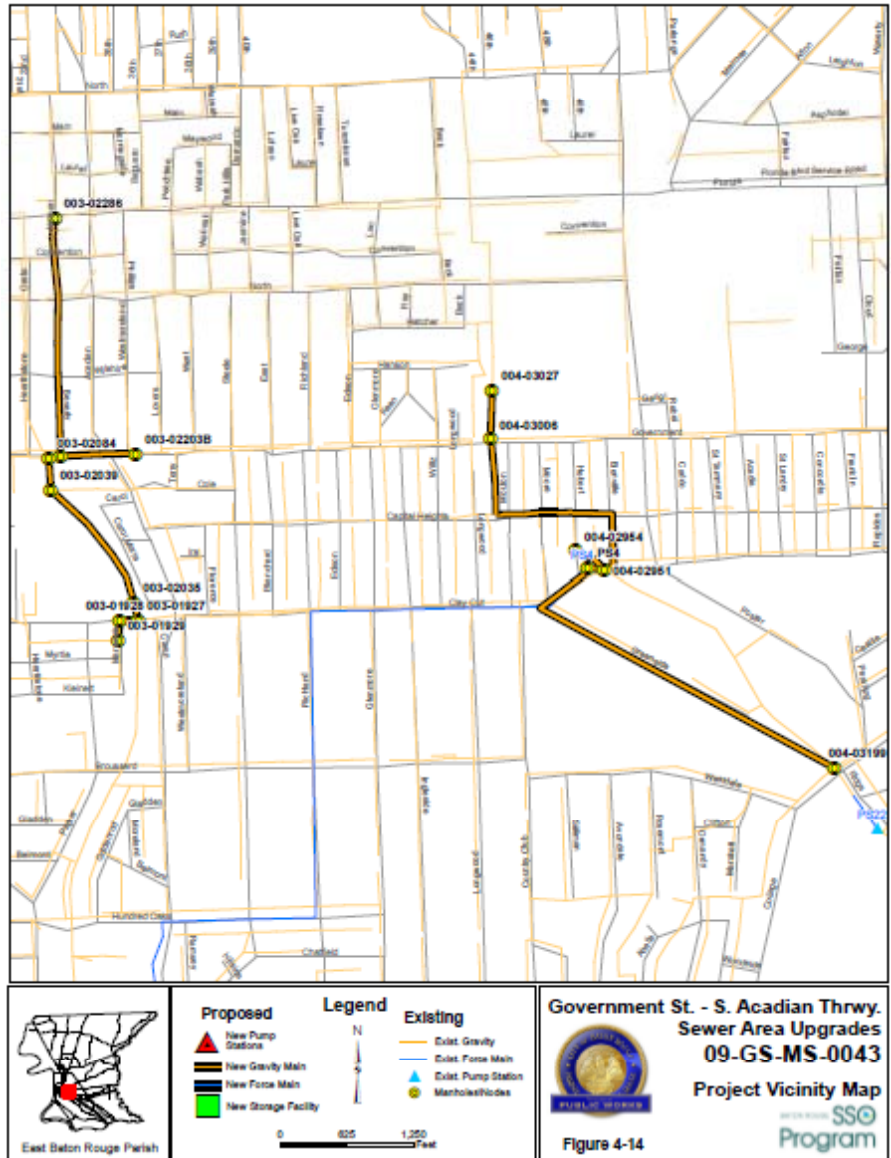

Design of the Government Street – South Acadian project started in August 2009.

Approximately 12,270 linear feet of new 8 to 24-inch gravity main will be constructed in the project area.

A total of 12,270 linear feet of new various sizes of gravity main will be installed in the project area.
