

# Multiple Pump Stations - Hwy 61 - Plank Rd

City-Parish #11-PS-MS-0035

Project Start: **3<sup>rd</sup> Quarter 2011**  
 Advertise for Bids: **4<sup>th</sup> Quarter 2015**  
 Anticipated Project End: **2<sup>nd</sup> Quarter 2017**

This project is primarily located north of Zachary with additional pump station upgrades north of the City of Baton Rouge. These upgrades are required to alleviate SSOs at and near the pump stations and their upstream basins.

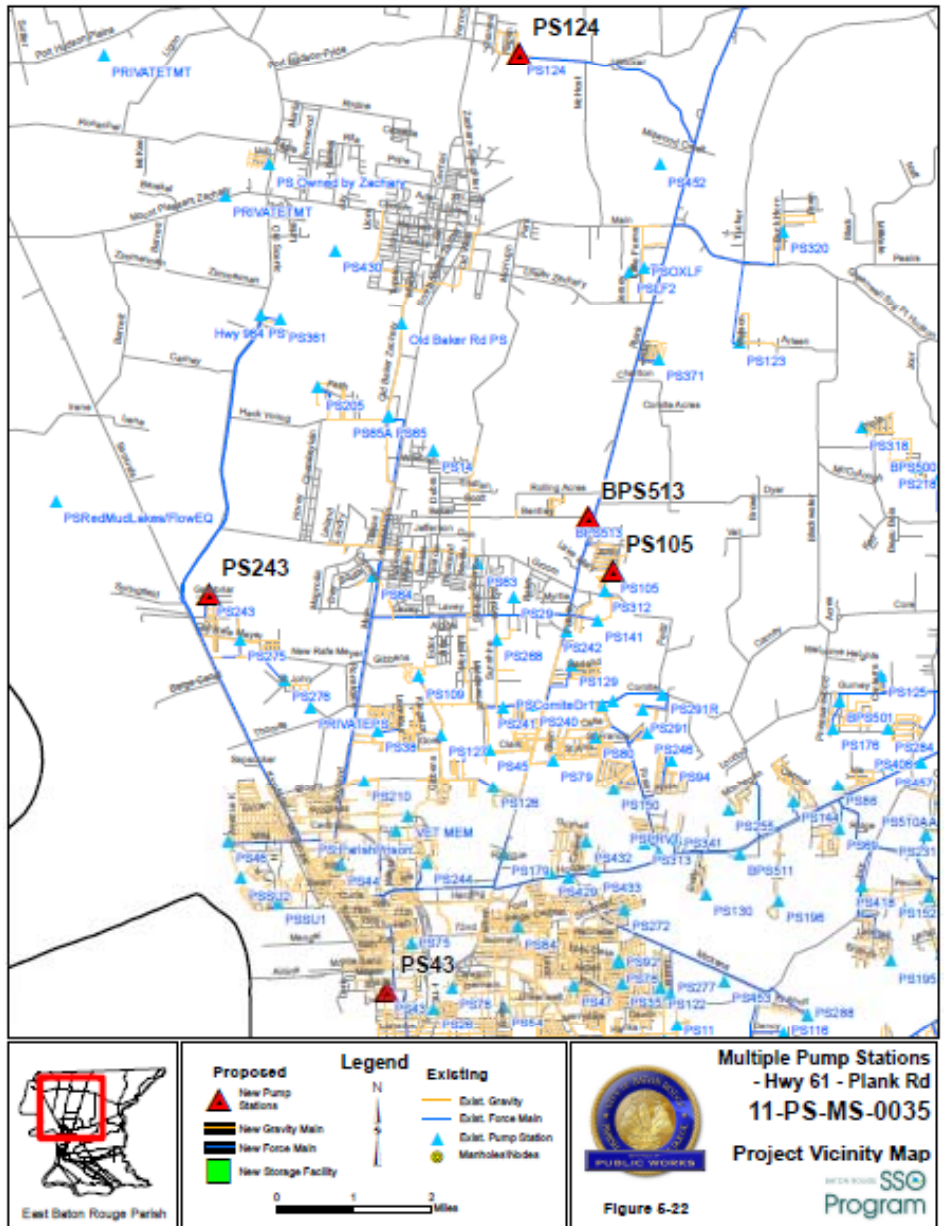

Collection system pipe sizes range from less than a foot to over six feet in diameter.

Flow measurements are taken throughout the collection system to determine the correct pipeline size.

New submersible pumps wrapped from the factory and ready for installation into wet wells.

### Multiple Pump Stations - Highway 61 - Plank Road Project Facts
